3. TIME TO ADDRESS THE COMMISSION

None

4. BUSINESS ITEMS

A. SITE PLAN – SPRING CREEK APARTMENTS –

Site Plan for the project referred to as Spring Creek Apartments has been submitted for the construction of a residential development on vacant property at 6120 NE 12th Avenue. Wishrock Group is the applicant of the site plan with the intention of developing the property into a multiple family apartment building for affordable senior housing.

The site plan proposes the construction of a three story, 15,130 sq. ft., 36-unit multi-family apartment building. On-site parking will include 57 spaces available to residents. The parking ratio approved was lowered from 1 parking space per bedroom to 1.5 parking spaces per unit.

The majority of stormwater for this site will be directed and contained in a detention basin to be constructed on the north side of the property. Proposed improvements also include new public water and sanitary sewer connections including extensions across the frontage of the property.

Commissioners, Developers/Engineers Dustin Creech and Penn Lindsay, and City Staff discussed parking, stormwater, snow removal, transportation considerations, dumpster location, lack of outdoor connectivity to walkways, landscaping, and proposed updates.

SAND/WILLIAMSON motioned to recommend approval of the site plan as submitted recommending approval of the reduced buffer yard. Ayes: Ackelson, Jacob, Johnson, Mallicoat, Sand, Williamson. Nays: Mollenhauer. Abstain: None. Motion carried.

B. RIGHT-OF-WAY VACATION—MORNINGSTAR CT-

The City Engineer has developed the plans and specifications for the NE 60th Street Improvements Project that includes the reconstruction of NE 60th Street, improvements to the 60th and University Avenue intersection, relocation of Morning Star Court, and construction of a new section of Martha L Miller Drive. Absolute Concrete Construction has been awarded the contract for the project and the work is anticipated to begin in the spring.

The right-of-way alignment for Morning Star Court shifted to the south in order to provide appropriate stacking and alignment with the continuation of Martha L Miller Drive to the east. The excess right of way is not needed for the roadway project and the vacation and subsequent disposition of the property would potentially allow for a greater use of the adjacent property.

The vacation of the roadway would remove its status as right-of-way and clears the way for the separate process of disposition where the property would be considered for sale to the adjacent owners. Transfer to adjacent owners is the only option in this case as the property is not large enough to be buildable on its own.

City staff has no objection to the vacation of the roadway as it is not needed for the street project. Final action on the vacation of the right of way would come from the City Council at a public meeting.

MALLICOAT/WILLIAMSON motioned to recommend approval of the Right of Way Vacation for Morning Star Ct. Ayes: Unanimous. Nays: None. Abstain: None. Motion carried.

C. AMENDMENTS TO CITY CODE CHAPTER 170 ZONING ORDINANCE- SIGNS -

Following the previously held work session, Community Development Director Madeline Sturms inquired what additional information the Commissioners needed in order to move forward. Commissioners requested additional information regarding how recent sign permits would be addressed, how Pleasant Hill compares to other metro cities, and other

requirements that may want to be included in the code update they would like addressed at the upcoming meeting before being ready to take action on the draft code.

No motion was made.
