### ***Parks and Recreation Announces Fall Maintenance Schedule***

*Some park amenities will be shut down in advance of colder temperatures.*

**PLEASANT HILL, Iowa (Sept. 29, 2015)** – Pleasant Hill Parks and Recreation has announced estimated fall maintenance shut down dates that could potentially impact use of Pleasant Hill parks and amenities.

- **October 1 - 30:** Shut down drinking fountains, irrigation systems, and parks that have restrooms with running water. Placement of portable restrooms at designated parks. Portable restrooms will be placed at Doanes Park, Copper Creek Lake Park, and Sunrise Park.
- **October 30:** All baseball fields and soccer fields will be closed.

All of the above listed actions are part of Parks and Recreation's regularly scheduled seasonal maintenance activities that prevent freezing of water pipes and prepare public spaces ahead of winter and colder temperatures.

If you have questions or concerns, please call the Pleasant Hill Parks and Recreation at (515) 262-9368, Monday through Friday, 8 a.m. to 4:30 p.m.
