**Cops 4 Kids Gives Back to Families this Thanksgiving**

**PLEASANT HILL, Iowa** – In the spirit of the Holidays, this Thanksgiving, the Cops 4 Kids program is giving back to families less fortunate. The program adopted six families with young children and presented them with the opportunity to enjoy a Thanksgiving meal.

“Throughout the year and particularly with the help of our fundraiser, we are able to raise the funds benefiting the Cops 4 Kids program,” said Captain Amy Kramer. “It is solely through this program that allows us this unique and positive experience. Our Officers look forward to this time each year as an additional opportunity to give back. It is a humbling and rewarding experience to give to those in Eastern Polk County, especially during the holidays. Seeing the mixture of joy and grateful tears in their eyes, when they were told they get to enjoy a warm Thanksgiving meal with their family, warms our hearts. I truly enjoy giving back and being able to do it through this program is why we do this.”

The Cops 4 Kids program was established by the Pleasant Hill and Altoona Police Associations to foster positive relationships between police officers and children in the community.
