State IA License Level Classification (check one):

- Class I** – Nonrefrigerated vending units that serve only intact, non-potentially hazardous commercially prepackaged food and beverages. Examples include chips, crackers, cookies, soda, and sweets in manufacturer's packaging.
- Class II** – Refrigerated or hot vending units that serve potentially and non-potentially hazardous commercially prepackaged foods from an approved source. Examples include packaged sandwiches, ice cream bars, individually wrapped and cooked hot dogs. No cooking is allowed as part of a class II unit.
- Class III** – Units that serve potentially and non-potentially hazardous packaged food and unpackaged foods with limited assembly. These units are limited to precooked foods from an approved source that may be reheated on the unit. Examples include pushcart operations, packaged salads, hot dogs, shaved ice.
- Class IV** – Units that serve potentially and non-potentially hazardous foods that are prepared, cooked, cooled or reheated and assembled on the unit. Examples include self-contained mobile food units, food trucks and any units that are capable of preparing and producing food items from precooked and/or raw products (meat, fish, poultry, plant foods and dairy products) to finished product for consumption.

4. Fire Inspection - Applicable to Classes III & IV State License units only

All mobile food units that have cooking facilities or use products with grease laden vapors shall be inspected by the Fire Department prior to initiation of business operations within the City. Inspections are required annually and prior to issuance of a mobile food vending license. **It shall be the obligation of the mobile food vendor to schedule the inspection with the Fire Department.** Classes I & II State License classifications are not required to meet this inspection requirement.
